

PDCA Commercial Forum

Welcome!

We are currently building connections with Sponsors for the Commercial Forum and we invite your involvement.

Soon our sponsors will become an active part of our communications and website. They will also become a part of the Forum's Subject Matter Experts Network, a network where members can interact with other members and sponsors to gain specific industry information outside of their own areas of expertise. Our sponsors will have the ability to directly interact with members online and in person at the Forum's Annual Conference.

We have posted this note during the interim period before sponsorship value is added to the website and the Find a Commercial Painting Contractor search feature.

Sincerely,

The PDCA Commercial Forum Board of Directors
